**"Education Is What Remains After One Has Forgotten Everything
He Has Learnt In School.' - Albert Einstein"**

The publication of our Monthly School Newsletter is with many accomplishments and achievements that have been made by the students and staff of Cambridge International School Gurdaspur in the month of January 2022. It was a month of achievements and victories, of facing new challenges and reaching greater heights.

We, at Cambridge international School Gurdaspur, endeavour to provide sufficient opportunities to each student to understand and discover themselves and to face and overcome challenges presented to them to make school life fulfilling and complete. We take pride in helping them grow and develop into sensitive and responsible well-rounded personalities of the next generation.

Our life is a journey. We learn and experience something new every day. We not only impart in-depth knowledge of a particular subject but at the same time also ensure the competent and constant growth of the students. Problems exist in everyone's life but we frequently remind the students not to be afraid of failure but strive hard to achieve success for excellence and good leadership. It is possible when we build up good leadership. It is possible when we build up a good attitude and conduct. We also learn to become disciplined to see things in proper perspective. There are ups and downs in life and we need to accept the challenges and win them at all costs. Physical work and games enable the students to cope up to be fit and healthy persons. If you work hard then goals are achieved easily. Consequently, our struggles will vanish within no time and our achievements will be remembered.

Teamwork is the hallmark of CIS Gurdaspur. I appreciate the efforts put in by our wonderful team of students, teachers, and the unstinting support of the Management for making this a truly successful year for all of us. In this pursuit of excellence, I appreciate our parent fraternity for supporting the school in every aspect.

Looking forward to another rewarding month as our student's journey towards making and taking their places in the world. I hope and pray students of our school will scale great heights and keep the CIS flag flying high wherever they tread.

It gives me immense pleasure to meet you all through this newsletter. I feel very proud to be a member of the Cambridge family. Our institution has a great vision for the students. We aim to create great future leaders, not laborers. We can do this only by giving a strong academic foundation in the basic skills of reading, writing, arithmetic, communication, and the most important thing is we try to bring individuality to each student. In our institution, we try our level best to promote good citizens. A brave man is really the glory of the nation. In our institution, we are trying to give good citizens.
