DIRECTOR (OP)

“COMMUNITY IS ABOUT DOING SOMETHING TOGETHER THAT MAKES BELONGING MATTER”.
~ BRIAN SOLI

A Warm Greeting To all Of You,

We, at Cambridge International School, ensure high quality education which motivates and empowers our students to be lifelong learners and productive members of the society. At CIS, education is not just the amount of information that is put into a child's brain. Our education system is the one that cater the individual needs of our students.

We want all our students to achieve their full potential. Our task is to make it possible and our mission is to provide a platform for the same.

Success for all students is ensured at our school by the delivery of an enriching, child centred, balanced and structured curriculum and a whole school focus on student welfare that focuses on the positive recognition of student achievements

We truly have a fantastic school with a supportive and involved parent community, dedicated and highly skilful staff, excellent resources and buildings and the most fantastic students to work with. We are very sure that with the help of all the stakeholders and with their continuous support, we will be able to take our school to the next highest level of excellence. At our end, we shall continue working with you for the best interests of our beloved students and our community at large.

Our commitment to our community is to lead the school with enthusiasm and passion to enable us to reach our goals. Let us work together to make CIS as the best school, it can be. We look forward to welcoming you to be part of our vibrant learning community.

“Let noble thoughts come to us from every side”

PRINCIPAL'S MESSAGE

MRS. SMICKY KOCHHAR
PRINCIPAL

"JACQUES DELORS HAS RIGHTLY SAID THAT EDUCATION IS BASED ON THE FOUR PILLARS: LEARNING TO BE, LEARNING TO KNOW EACH OTHER, LEARNING TO DO & LEARNING TO LIVE AND SHARE TOGETHER."

" SCHOOL , the abode of learning " influences the all round development of pupils. Education is synonyms with breeding, civilization, coaching , cultivation, culture, development, discipline , training, tutoring and so on. Our curriculum and practices are consistently reviewed to ensure that we are following the most updated best practices, meeting all regulations, and addressing the future needs of our students. our staff consistently follows current trends and after brainstorming over to best plan of action to incorporate those trends, we zero in on the ones that are most appropriate to our classrooms. we explore the possibilities in every individual child, asses their skills and make them capable in pursuit of worthy goals in the service of the nation and humanity. Here comes the role of physical education, sports & games and co-curricular activities . A joyful interactive learning system is followed. wherein each child is encouraged to participate wholeheartedly !

There are only two lasting bequests we can hope to give our children. One of these is roots the other, wings! Roots are offered by our parents and wings are handed down by us at school!

We at The Cambridge International School, Gurdaspur, look forward to a long association with you . Let us join hands in grooming the young minds so that they may walk the path of life successfully!
